Lambled as a lamb having twins and as a yearling having twins.

The above ewes all lambled as lambs so they will be smaller in structure, but will grow out into impressive mature sheep. Their sire, Wheaton 6-101, is a "Powerbuilt" son that sold as a lamb at Sedalia for \$4000. All dams are Nichols, Bobendrier, Kjeldgaard, Lane Ranch or Wheaton bred ewes. The Service Sire, VC 3-94, is sired by a Kjeldgaard ram that was second March lamb at Sedalia 2002.

 This is the twin sister to the buck lamb we bred with this fall. Her mother is a "Scope" daughter and we all know how many great sheep "Scope" made! Come next summer, this will be one big, good built show and brood ewe! We may bring another ewe lamb at this point. Check our website for more pedigree info, pictures and updates closer to the sale time.
